

RESEARCHERS IDS

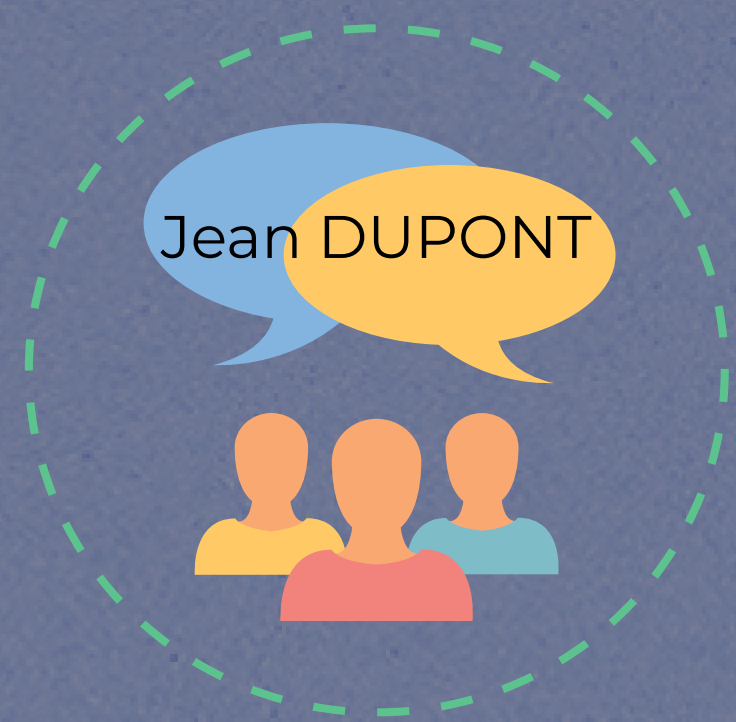

What are they ?

A **PERMANENT** digital identifier that uniquely identifies the **RESEARCHER** to their **AUTHORED WORKS** within a given digital environment.

Some identifiers are generated **AUTOMATICALLY** (IdRef, ISNI, VIAF), whereas others require a **VOLUNTARY REGISTRATION** by the researcher (ORCID iD, ResearcherID, IdHAL....)

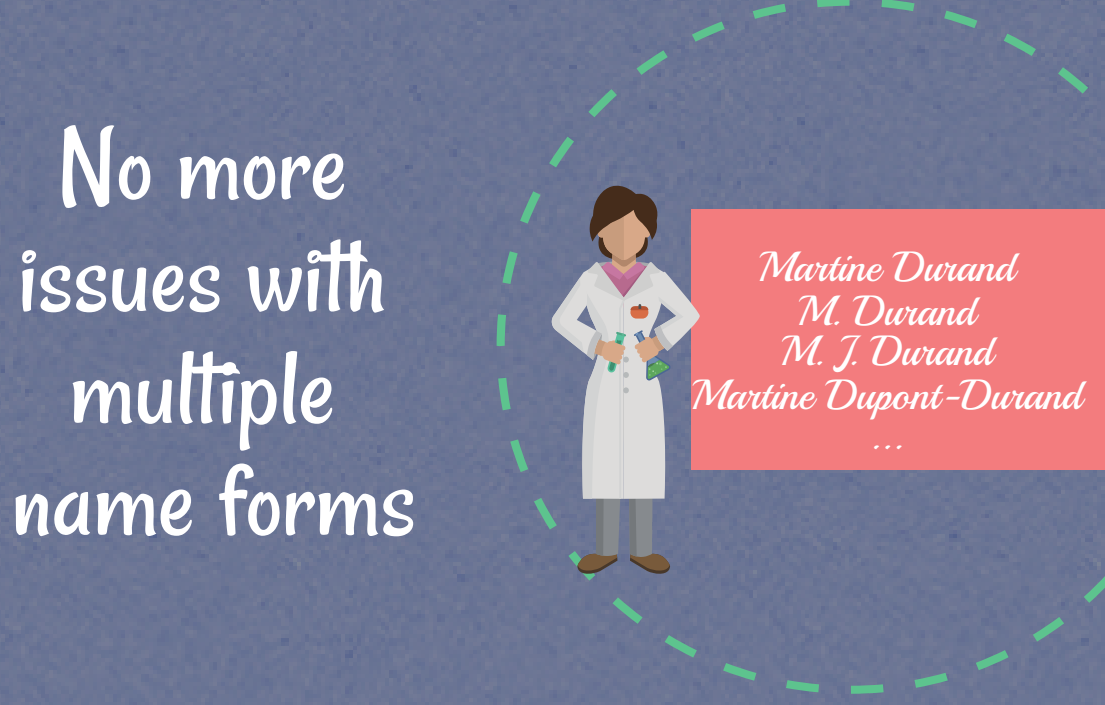

No more issues with name ambiguity

Facilitated information search

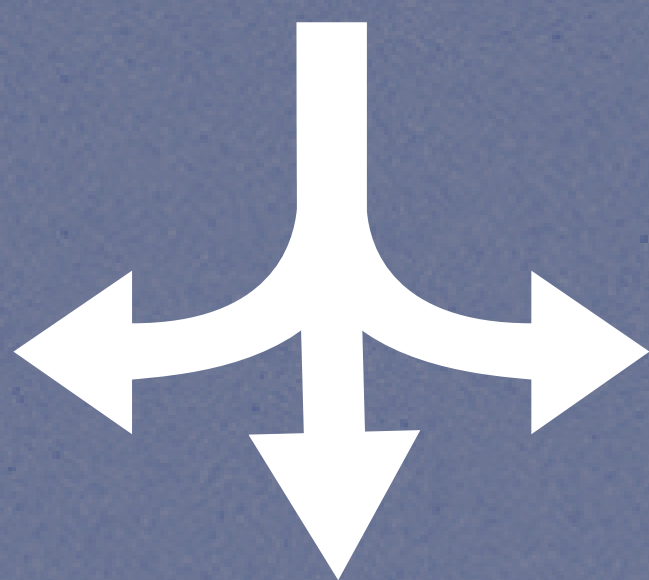

No more issues with multiple name forms

Time-saving

ADVANTAGES

MON ACTIVITE DE CHERCHEUR

Bring together a researcher's contributions
